

Alex Wild For Chair

Through my experience with Nicholls & Co, the Citizens Advice Bureau and Cheshire Employment Rights Advice Line, I have become acutely aware of the challenges being faced by members of the public and members of the professions alike, challenges which do not appear to be fading despite the recent signs of recovery. I believe I am uniquely placed to provide a fresh perspective to the provision of BTSS services and to increase the Society's visibility and stature amongst its contemporaries. In my time as chair, I am keen to:

- Improve the Society's links with other professional groups and associations, small local charities and community groups;
- Build a program of events to support and improve our members prospects of retention and re-employment;
- Improve the relationship between the BTSS and trainees of smaller regional firms;
- Expand the charity and sporting events programme to reflect the Society's stature and to increase our contribution to the community; and
- Build upon the Society's associations with sponsors and supporters to provide bigger and better opportunities for our members.

Alex Wild Nicholls & Co

From a small mining town in the North East, educated at Lancaster University and The College of Law, Chester, I have spent the last 10 months living and training in Birmingham with a small Insolvency practice, Nicholls & Co.

My reliable, sociable and enthusiastic personality and good sense of humour will allow me to successfully forge friendly, professional links with community leaders and sponsors, to promote the strength and character of the Society and its members.
